*Russell and Trudi Miles*

The Walpole community is known for its strong spirit and commitment and this year two locals and an organisation were recognised for their exceptional contributions. Each nominee has enriched our community.

*Joe Burton*

Joe Burton is a prominent community figure, highly regarded for his contributions in business, sports, recreation, and youth engagement. As chairman of the Great Southern Storms and an executive of the Great Southern Football League, he plays a crucial role in promoting local sports. His involvement extends to sponsoring various community events like Walpole Community lunches, the Walpole Primary School book awards, and local karate tournaments. Joe also shows a deep commitment to environmental sustainability, notably through his involvement in the pumped hydro project in Hazelvale.

Trudi Miles, who moved to Walpole in May 2023, quickly made a significant impact. She has taken on the roles of president of Walpole Primary School P&C and Chairperson of the Walpole Family Centre. Her entrepreneurial spirit is evident in her revitalisation of Walpole Mechanical and Tyres, adding to its well-established sound reputation.

*Continued page 2...*

...from front page

Trudi, a full-time mum and carer to her two special needs children also organises workshops through the Walpole Community Resource Centre to enhance adult skills and foster community connection.

The Walpole Community Resource Centre, under the leadership of its dedicated team, has been instrumental in supporting the local community, particularly in addressing the needs of seniors, the disadvantaged, and isolated individuals. Their initiatives range from introducing services like Meals on Wheels and home

community care packages to providing advice on avoiding online scams.

These three nominees embody the spirit of dedication and community engagement in Walpole, each contributing in their unique way to the welfare and development of the region.

While these nominees have made significant strides in Walpole, the Shire of Manjimup's awards celebrated other outstanding achievers. Clayton Fullston was named Young Community Citizen of The Year, Steve Walsh as Community Citizen of The Year, Neville McDonald as Senior Community Citizen of The Year, and St John Manjimup Volunteer Ambulance Officers received the Active Citizenship Award (Group).

An exhibition at the Manjimup Art Gallery will display the achievements of all nominees and winners, celebrating the dedication and impact of these community leaders. This event highlights the outstanding commitment of individuals across the Shire, contributing to the well-being and development of our region.

## Community fun at Peaceful Bay: A windy day for cricket

On a blustery Friday, 12th January, Peaceful Bay transformed, as local youngsters gathered for a day filled with sport, treats, and camaraderie.

Organised by Trinity from the Walpole CRC, the day began with a gathering of 13 enthusiastic kids at the renowned Peaceful Bay Caravan Park. First on the agenda was feeding the children the local delicacy of fish and chips, a favourite among young and old alike. The celebration took an even sweeter turn when Trinity surprised one of the boys with ice cream to mark his birthday.

Initially planned as a beach cricket match, the day's activities took a slight detour due to the very windy conditions.

Demonstrating adaptability, the group shifted to the nearby oval, where cricket became the centre of attention. Amidst the green, the children showcased their cricket skills, with a few demonstrating exceptional talent. The energy and enthusiasm of the children, as they ran and played, kept everyone engaged and warm in the windy weather.

Beyond cricket, the park's play area offered a great escape for the younger ones, who climbed and explored. As the day drew to a close, parents arrived at the Peaceful Bay shop to pick up their children, marking the end of a memorable day.

Special thanks were extended to George Mumford from Denmark Lifesaving, who not only served as the wicket-keeping lifeguard(!) for the day, but also joined in the cricket fun.

The event was made possible through the generous support of the Youth Advisory Council (YAC)WA and the Shire of Manjimup, whose commitment to the school holiday programme played a pivotal role in fostering community spirit and youth engagement.

# Walpole Youth enjoy the final day of school holiday programme with Laser Tag in Albany

On Tuesday, 17th January, a group of ten enthusiastic boys gathered at the Walpole Community Resource Centre, marking the conclusion of our holiday programme with an bus trip to Albany for a Laser Tag adventure. The journey was filled with anticipation and excitement, with the boys electing me as their music DJ, adding a lively soundtrack to our trip via Spotify.

As we navigated the intricate roadworks on Old Denmark Road, our skilled driver, Ivars Sulcs, expertly trailed the Laserscape Trailer, leading us to our much-awaited destination. The boys were so excited as they disembarked and gathered in the briefing hut. There, they received a comprehensive 20 minute presentation covering crucial topics like snake safety, gun safety, and the range of games available.

Shedding their yellow hi-viz vests for camo T-shirts, the boys transformed into pretend soldiers, ready for their first Laser Tag game. Split into two teams of five, they demonstrated diverse strategies, their hats equipped with headsets for laser targeting. Each team had a different style of hat. The laser guns, a pivotal part of the game, kept track of their remaining 'lives'.

Throughout the day, they engaged in various strategy games, ending in an intense free-for-all battle, where

the last man standing was the goal. After two hours of dynamic play and team building, it was time to refuel. A stop at Red Rooster provided the much-needed nourishment, with the boys enjoying their meal at a nearby park.

As 3pm approached, it was time to head back. The feedback from the boys was overwhelmingly positive, with many expressing their eagerness to relive the experience.

Supporting your Walpole community is one of the best ways to get to know it. Join a social, inclusive and committed team, and you'll be surprised by the friendships you'll make, which can be as rewarding as the good you're doing for your town.

- Full training provided in a friendly, supportive environment.
- No medical experience required – all you need to get started is a police check, a clean driver's licence, and a can-do attitude.
- Not all callouts are emergencies – help with routine patient transport.
- Commit to shifts to suit your schedule – a minimum of 60 hours per annum.
- Uniforms and ambulance cover provided free of charge.

## A community is only as strong as its people.

**Help yours by becoming a St John Ambulance WA Volunteer today.**

St John Ambulance WA has always provided a critical and quality ambulance service to the community of Walpole, Nornalup and surrounding areas.

To keep running, this vital service relies on the continued involvement of local community volunteers. Your help in any area can be of great assistance.

### **What's involved?**

Driving ambulances, transporting patients, Community Transport driving, and Volunteer Support Roles are just a few of the roles when you volunteer with St John Ambulance WA.

**As a volunteer you will be supported every step of the way and given all the training necessary to fulfil your role. Training is conducted to a level at which you feel comfortable, confident and ready to assist.**

### **Why volunteer?**

By donating your time, you can make a real difference and give something back to your community. Not only do you get the satisfaction of helping others, but you also gain important skills and experience.

No matter what your motivation, being a St John Ambulance WA Volunteer is a great way to get involved in your community and help change lives.

Our training nights are held at the Walpole Sub-centre on the 2nd and 4th Tuesday of the month at

5pm. We would like to invite you along for a look at how we operate.

Our next training night is Tuesday 13th February. It would be great to see you there.

For more information on our volunteering roles, please contact Dennis Hall, Secretary: 0408 162 909

Ivan Woodhams, Chairperson: 0427 774 103 or our Community Paramedic, Rod Walding, on 0418 317 231

**Remember without your ongoing support this ambulance service may be in jeopardy, meaning the nearest ambulance service is St John Ambulance in Denmark some 66kms away.**

**Please give some serious thought to this matter, and give back to your community, while learning new skills and gaining immense satisfaction.**

Walpole has the best food

## Nature Notes: Red Wattle Bird

The red wattle bird whose scientific name is *Anthochaera carunculata* is the second largest Australian honeyeater. It is native to southern Australia and three subspecies have been described.

Local indigenous people have used onomatopoeic names for this bird which sound like the calls it makes including

*wodjalok, durdal, doongorok and djoongong*. The red wattle bird is grey-brown with white stripes on the abdomen and has yellow on the lower portion. It has red wattles each side of its head; the eyes are red and the legs and feet are a pink colour. Triangular white patches appear under the eyes. Juveniles have smaller wattles and browner eyes. This bird has been described as a noisy and gregarious honeyeater.

Perhaps this is due to its croaking call and tendency to defend sources of nectar from other birds. They are not afraid to enter urban environments however they are often killed by cats and dogs. Wattle birds can also become roadkill, although they are not known for foraging on the ground. Like all honeyeaters, they have a long tongue which has, as an adaptation, many bristles on the end, which soak up the nectar by capillary action. They prefer native flowers with easy access to their food source. They will also eat insects and berries. In Walpole I have seen them feeding on *Corymbia ficifolia*. They breed throughout their range with nesting taking place between July and December.

Red wattle birds make a cup-shaped nest in the fork of a tree, usually a eucalyptus. They use sticks and line the nest with bark, grass and hair. One or two broods are raised each year, depending on conditions. The birds form pairs and both will tend the nest and the presence of related helper birds has been recorded.

The eggs are oval, pale brown with pinkish and purple marks. Two or three eggs are laid. The chicks hatch naked with a little fluff and are usually brooded by the female but sometimes the male will also brood. The chicks are fed by both parents.

Their eyes open at around 7 days and they fledge between 15 and 20 days. The parents will continue to feed them for the next two to three weeks. The young are given manna (crystallised plant sap) and bugs, flies and small insects. This bird is not considered to be at risk by the International Union for Conservation of Nature. However, aggressive clearing of understorey vegetation has seen them decline in numbers.

### Heartfelt thanks

Thank you to all the people over many years who helped raise funds for Silverchain. Those of you who were on the Committee, working, making decisions and still are, for the future of Walpole. Thank you!

I for one have appreciated having Silverchain in Walpole. Over the past ten years I attended Walpole Seniors, went to Manjimup to the swimming pool to do physio and exercises and shopping. I have so many happy memories; went on some wonderful outings, playing cards, scrabble, bingo etc etc.

I was treated with respect by wonderful caring people; I've laughed a lot and cried together too.

Thank you for all the cheerful, helpful bus drivers and volunteers. Once a month we were able to use the Silverchain bus to go to Albany shopping. I have enjoyed and appreciated all my care and experiences by Silverchain provider and all you wonderful people who have made it all possible. Thank you!

~Betty Jeffs
