Dancing, Golf and Pioneer Cup News!

Friday nights have been a feature for nearly two months, having started the third week in February then ending last Friday night. What a night it was - with over 80 people there it was the place to be! Frank and Norm had the crowd in the palms of their hands, playing some great tunes. It is very rewarding to have appreciative crowds come along and enjoy the night put on by all the hardworking volunteers at the Club. We hope you can get there next year and check the place out.

Results for: Dennis Cuthbert Builders Trophy Sunday 10th March

Winner: Betty Cooper 41
2nd: Neil Hayward 38
3rd: Bob Laing 37
4th: Ross Knight 35 by countback from Graham Becker

Eclectic Winner:
Norman Hawkins
Eclectic R/Up:
Glen Burton

With a great field of 25 players, Betty Cooper won the Dennis Cuthbert Builders

Trophy with a runaway score of 41 points leaving others in her wake. Neil, Bob and Ross were 2nd, 3rd and 4th. Massive thanks to Dennis for the Trophy: \$150 voucher to Pepper and Salt.

The golf course is very dry with the greens, surrounds and tee boxes looking like oases in the desert but I'm sure we will have a successful weekend for the Engel Pioneer Cup.

News on the 37th year of the ENGEL Pioneer Cup:

37 YEARS AND STILL GOING STRONG!

With another big field of players converging on our town for the weekend, the 37th Engel Pioneer Cup is here.

We have the Walpole Hardware & Rural Trophy on Friday then two days of the Engel Pioneer Cup.

There are players coming from all over the state for this event. We provide meals for the weekend -

breakfast, lunch and dinner and we organise the golf and supply refreshments. Then on Saturday night we have Dig the Dust perform to rev the players up for Sunday's golf.

All this is done by the very hardworking 50 or more people who: work on the course, in the kitchen, behind the bar, organising the competition etc and they are all volunteers! The weekend is a big, big bonus for Walpole with the golfers spending money around town, staying at local accommodation and helping the Country Club with our main fundraiser for the year. I can't say just how important this event is to our Club; without it we would struggle. This is a weekend where everyone who works there is a VOLUNTEER and our Club is a not-for-profit organisation.

The Engel Pioneer Cup has been our premier event for 37 years and I don't know how many hours and hours have been put in over those years to run this weekend - it is massive. We hope there are no inconveniences over this one weekend of the year; it is a very important event for the Club and our town.

IF YOU ARE ABLE TO HELP OVER THE WEEKEND PLEASE LET US KNOW AS WE CAN USE YOU.

~Norm Hawkins

FREE PLAY IN THE PARK SESSIONS STARTING IN WALPOLE

Local Walpole residents, in particular exhausted mums and dads, or grandparents and carers who aren't quite sure what to do with an under five-year-old, are encouraged to take advantage of the Y WA's free Play in the Park programme starting

Wednesday 13th March. Operating at The Walpole Sport and Recreation Centre Park on the second Wednesday of every month from 10am to 12pm, the free service offers supported play time for zero to four-year-olds and is open to anyone keen to make new friends, gain peer support, step out from their usual parenting duties and benefit from social interaction for their little ones.

Run by two qualified Educators from the Y WA (formerly YMCA), mums, dads, grandparents, carers, nannies or anyone caring for young children can drop in at any time during the two-hour session or stay for the duration, with no commitment required.

The Y WA Programme Co-Ordinator, Geraldine Pegler, said, "We know every child has different nap times and this changes constantly too, which is why we encourage people to come at any point in our two-hour session and stay for as little or as long as it suits. Also, not having to enrol and pay a fee means you can come when it suits, whatever works best for you, we are here each month."

The programme is run using theories that are researched and evidence based to support child development. Play in the Park heads to the park in Walpole with a bus load of toys and activities each month and there is always a different theme, for example, the beach theme has a sensory pool with water and shells for the kids to play around in. Balancing equipment assists with gross motor skills such as walking the plank and encouraging kids to jump off the end and into hoops and there is always plenty of playdough to assist with fine motor skills.

Geraldine adds, "Our activities are aimed at helping kids through play-based learning and challenging them at their own level, but it's also about educating parents and carers on how to play with their kids at home and give them easy ideas they can take away. Plus, it's a great space to be able to see and speak with people who may have children a little bit older than yours and see and hear how they are going."

The established Play in the Park programme has been running for around 15 years and always includes free fruit for morning tea and a story read to the children. All you need to bring is a water bottle and suitable clothing according to the weather.

UPCOMING DATES:

Wednesday 13th March
Wednesday 10th April
Wednesday 8th May
Wednesday 12th June
Wednesday 10th July

For more information on Play in the Park please contact Geraldine Pegler at geraldine.pegler@ymcawa.org.au or call 0436 430 491.

Play in the Park also takes place in Cull Park in Albany every Tuesday and Friday from 10am to 12pm, Mount Barker at Wilson Park on Thursdays from 10am to 12pm and once a month in Denmark, Jerramungup, Ongerup and Cranbrook.

Nature Notes: Kookaburra

The laughing kookaburra was actually introduced into southwest Australia - this is probably not so good as they nest in tree hollows and compete with other species, nevertheless they are here and so worth looking at. Their scientific name is *Dacelo novaeguineae*. They are members of the kingfisher family but unlike most kingfishers they are not particularly associated with water. Recognised by their plumage and voice, which is like human laughter, this has meant their inclusion in many cultural contexts particularly early Australian films.

Their native habitat is the Eastern States of Australia and New Guinea. They were also introduced to Tasmania. Kingfishers are birds of prey so they eat insects worms and crustaceans, although small snakes, mammals, frogs and birds may be eaten.

Prey is caught by pouncing from a suitable perch. Small prey is eaten whole but larger prey is usually killed first. It may be the fact that they kill small snakes that lead to them being introduced to the southwest of WA and Tasmania. In the north of WA they are replaced by the blue winged variety which is not introduced. Kookaburras inhabit areas where there are suitable trees. High perches are favoured.

Kookaburras mate for life and are cooperative breeders. Both parents share incubation duties and caring for the young. Offspring of previous breeding seasons also help to bring up the young birds. The nest is in a tree hollow or excavated termite mound. The clutch size is 2 or 3 eggs, which are incubated after 25 days. The breeding season is from August to January.

Even though kookaburras steal food from barbecues it is not helpful to feed them as most ground meat does not contain enough roughage for their diet.

When I was in Kings Park one day a young kookaburra landed on my shoulder. It was soft but gave me a fright and I ricked my neck. Kookaburras can be a nuisance in picnic areas, but like all native birds they are protected. We are inclined to attribute human characteristics to creatures but their laughing call is actually a warning to other birds not to enter their territory. They are not considered to be at risk of extinction by the International Union for the Conservation of Nature.

We welcome your opinion

The *Walpole Weekly* values freedom of expression and welcomes contributions and feedback from readers via letter or email on any topic of community interest:

- 1) All content submitted for publication must provide full name and contact details.
- 2) The Walpole CRC will no longer print anonymous letters.
- 3) Any content published may be edited to enhance flow, clarity, spelling, and grammar—not facts or meaning—therefore the writer should carefully check facts and consider their choice of words.
- 4) Should content be deemed by the Editor to be too long (**should be no more than 250 words**), incomprehensible, libelous, illegal, or incite a sensitive issue, then it will not be published.
- 5) In the case of content being rejected, the writer/s will be notified of the decision by the Editor.
- 6) Should the writer dispute the Editor's decision they should take it up in writing with the Management Committee of Walpole CRC.
- 7) The Management Committee will make the final decision on whether or not to publish the content in the next available edition of the *Weekly*.

Email weekly@walpole.org.au.

Dear Editor,

Walpole is among many isolated communities in this land of 7.5 million square kms, where services become more limited and adaptations need to be made.

I am now a consumer of a Home Care Package, an initiative run by the Federal Government to assist the aged to remain in their own homes. It is known in Walpole as the Staying in Place programme.

The scheme uses local workers at respectable rates of pay. The workers or contractors are assessed by a company called Mable to evaluate what work they

are able to perform. Specific qualifications are required for things like personal care and the administration of medication.

As a stroke sufferer and now a consumer of these services, I receive assistance required to live in my own home and maintain a sense of independence. I can still make my own decisions and choices of care. I have less need of medical care and my level of rehabilitation is supported and assisted.

I am encouraged to have greater control over my own life. I can make my own choices and establish my own goals which has included independence, wellness and re-ablement.

The saying: 'it takes a village to raise a child', echoes similarities for elders. We require the engaging support, respect, social cohesion and caring abilities which are now delivered to us in this region. As a result, I feel more connected with improved well-being and have commenced a chance to a healthier and better outlook.

Health professionals understand the parameters of maintaining well-being in our communities. It can improve our sleep, our mood, our mobility and even lift our capacity to overcome life's constant challenges. This has happened to me. I am happier, more engaged and better supported by a community willing to provide my needs at a time when I most require them.

My thanks and appreciation go to the staff and Manager of the Walpole CRC. Without their efforts to engage and gain access at length for this programme, giving such broad support for those in need, this would not have occurred. Secondly, I would like to thank the sponsors of Meals on Wheels -Nathan Lee and Kristine Winsonfield - for without their generous contribution of cooked meals for the aged and disabled community in this area, this service would not exist.

I am appreciative of the volunteers delivering their 'gift of food' and that very special, very social contact. It leaves me with more energy and willingness to adhere to a comprehensive rehabilitation programme. I see my food as part of the kindness and generosity given by 'Walpole people'.

~Carmy O'Sullivan

Fair Game has done it again for our community

The Walpole CRC has been well-equipped once again by Fair Game which enables us to continue our sports programme partnered with the Walpole Primary School and the Walpole Sport and Recreation Centre. This is a wonderful community achievement helping to fill a gap in the need for community sports programmes for our children right here in Walpole.

The sports programme has been well supported with over 20 children participating each week in various activities. So far we have tackled basketball, soccer, tennis and cricket. Keep an eye out for what's coming next...

Fair Game provides recycled sports equipment to help build the capacity of under-served communities; working with communities to promote healthy lifestyle choices which reduce the risk of lifestyle related disease, build social cohesion and improve mental wellbeing; also reducing waste by extending the life of pre-loved sports equipment. So you never know, your child could be kicking a soccer ball that has been kicked by Sam Kerr or shooting hoops with a ball once loved by Patrick Mills.

The Walpole CRC would like to thank parents for their participation, supervision and help with running the programme which has been invaluable and we appreciate your continued support.

If there are any parents out there who would like to run a sports programme come and see us at the Walpole CRC or contact the Walpole Sport and Recreation Centre.

WA Country Health Service to deliver care in Walpole

Government of **Western Australia**
WA Country Health Service

From 4th April 2024, WA Country Health Service will take over management and service delivery of the Walpole Health Centre, currently operated by Silverchain.

The community can be assured there will be no impact to services, and they can continue to access care as normal.

Executive Director Strategy and Change Melissa Vernon said WA Country Health Service is well positioned to deliver safe, patient-centred care to the Walpole community.

“We have a long and proud history of delivering healthcare to WA’s rural and remote communities and we’re excited to continue this in Walpole,” Ms Vernon said.

As well as staff on-the-ground in Walpole, sites will receive additional support from WA Country Health Service’s Command Centre.

“Walpole will have access to exceptional on-the-ground care thanks to some amazing frontline health professionals. Our teams will be further supported by 24/7 specialist emergency and mental health support, plus a range of other services and specialties available through our Command Centre,” she said. Ms Vernon said WA Country Health Service is firmly focussed on delivering safe and responsive care.

“We extend our thanks to the Silverchain team and recognise the important contributions they have made in Walpole.”

The phone number for the service will remain the same.

To contact Walpole Health Centre, please call 9840 0900

Weekly Zen

*Buddha told a parable in a sutra:
A man travelling across a field
encountered a tiger. He fled, the tiger
after him. Coming to a precipice, he
caught hold of the root of a wild vine and
swung himself down over the edge. The
tiger sniffed at him from above.
Trembling, the man looked down to where,
far below, another tiger was waiting to eat
him. Only the vine sustained him.*

*Two mice, one white and one black, little
by little started to gnaw away the vine.
The man saw a luscious strawberry near
him. Grasping the vine with one hand, he
plucked the strawberry with the other.
How sweet it tasted!*

~Diana Smith

WA Country Health Service

Walpole

We're here for you

Hey, Walpole! From 4 April, WA Country Health Service will begin managing the Walpole Health Centre.

Nothing is changing – you can continue to access care like normal.

There will be no impact to services. Please continue to access care like you normally would.

We have a long and proud history of caring for communities in rural and remote WA and **we're excited to continue that in Walpole.**

How to get in touch

Contact information remains the same

2 Pier Street
WALPOLE WA 6398
